We Are Soup 2017

For over 75 years, we have been working with residents like you to improve your definition of "home." We want you to feel safe, confident, and worthy of what house you choose, and we will do it for you. Call today at (905)-SUNLEAF. Or, send us an email at sunnyleafhomes.ca.

The four things that I put into this webpage are:
1) putting things in a container (which are located around the navigation bar and the "Subscribe Today")
2) the use of direction cues (it's located below the house with the arrows on both sides)
3) Urgency (this is the "Subscribe today" as well as the "10% off" highlighted in yellow)
4) Social proof (at the top in the navigation bar, the last words say "Our Partners")

This logo works because it literally has the words and images "Sunny Leaf Homes". Also, the colour of the house is somewhat of a grey, and the white outlines work perfectly with the logo itself. The house logo is tall, which indicated that Sunny Leaf Homes doesn't sell cheap houses. The leaf is in the centre as a way to show that it protects everything around it. For example, it stays behind the house to create a greenery idea that the user would like to live around; and the leaf is big enough to cover up half of the sun to prevent too much UV coming in (because California is sunny most of the time, and so too much sunlight to the body will harm it. Therefore, the leaf is like a protection).
